08 / OWNERSHIP & NEXT STEPS

Before you make your decision.

Ownership outlook, inspection guidance and important report information.

MARKET OUTLOOK

The Ford Ranger recorded 56,555 new sales in Australia in 2025, number 1 in its class. Ford is losing market share, from 7.6% of new sales in 2025 to 6.3% in January to August 2026. Ford's Ranger and Everest hold their value well. Tesla used values have been hit by new-car price cuts, while sales have recovered strongly in 2026. Electric cars went from 8.6% of new sales in 2025 to 18.8% in January to August 2026. If running costs matter, also look at the BYD Shark 6, GWM Cannon Alpha Hybrid or LDV eT60 in the same class.

CHECK AT INSPECTION

- Check the repair quality on the exterior body parts, external lighting (2024-03).
- Check the VIN on the car's build plate and windscreen matches MPBUMFF60MX3XXXXX.
- Check the odometer reads close to 68,610 km, the figure the valuation is based on.
- Ask for proof that any open recall work has been done.
- Ask why the car was on the market for 69 days.

NEGOTIATION NOTE

“The middle of the retail range is $55,500. Can you come closer to that?”

Our recommended action: Buy

The CheckMyCars Analysis is based on data available at the time of the search (PPSR, NEVDIS, market and listing data). It is an opinion, not a mechanical inspection or professional valuation. Always get an independent pre-purchase inspection. See the full report for the underlying data.
